

Annual Report 2019 -2020

From Founder's Desk

My desire to serve the needy on my own was the beginning of my dreams, that gave me restless days and sleepless nights. That's when I started realizing my own strength, and it was nothing but to be kind to others, each time, every time.

The dream of serving mankind was because of my decade long work experience, having worked in different capacities in various NGOs. The capacity to deliver for various social projects, had given me the required strength and the wings to fly.

Once someone asked Sri Ramakrishna Paramahansa, "*How do you treat others?*" and his reply was, "*There are no others*".

With this basic quote as my foundation, I set out to walk my path and there was no looking back. The rest just shaped up beautifully, My family was more than happy to see me succeed, friends and well-wishers gave me the required support and this led to the start of Kritagyata.

From Founder's Desk

Kritagyata is an opportunity to serve the people, in return to everything I was fortunate to have received. My life has a meaning and I wish to spread the same meaning evenly across. My work experience has immensely contributed to turning my dream into reality.

Kritagyata is a humane seed, which will grow with every thought of kindness, The World deserves a better place to live in and my contribution to it is infinite.

Every drop of kindness, brings in peace within the World.

Testimonials

“Our world is a better place because of selfless people like Mrs. Aruna Diwakar. My late wife and I are fortunate to be a small part of Aruna’s organization, Kritagyata Trust. She stretches the limited resources to accommodate and help as many children as she can. I will continue to support the organization to best of my ability.”

- Dr Reji John, MBBS, MD, FASN

“When most of the organizations across Bangalore were forced to shut the doors for children due to lack of funds during the pandemic ... Kritagyata made sure they continue serving kids with best precautions and equipped children with devices to make sure kids take up digital learning . It's been 5 years since I am connected to this organization and have seen children grow in each and every walk of life through the support provided by the organization.”

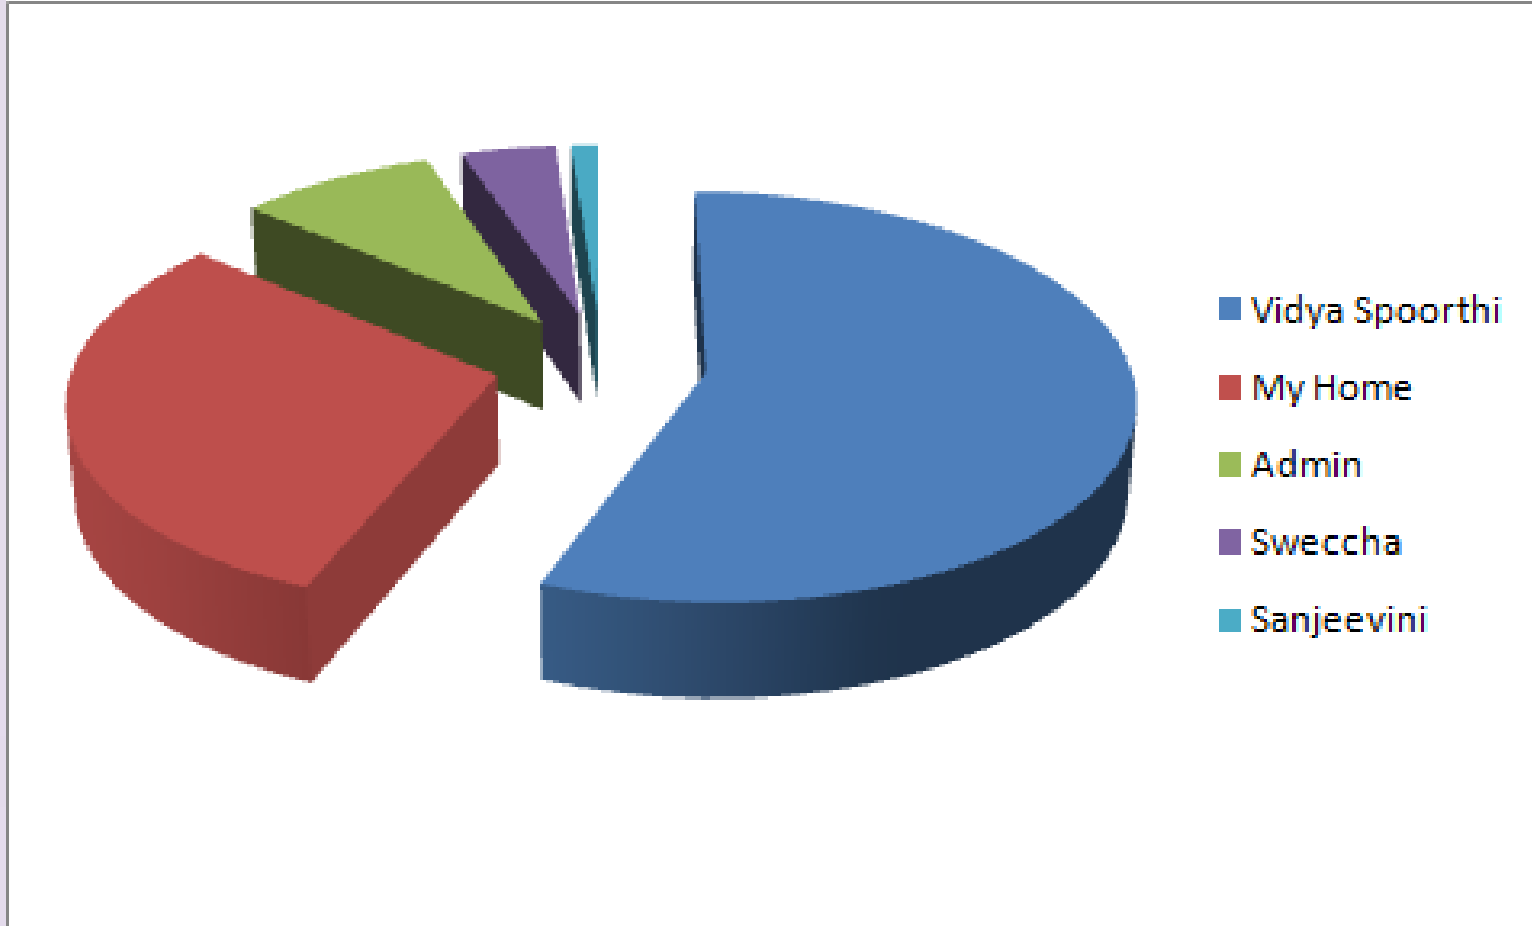

- Rohit Bellani

I appreciate their continuous hard work and their ability to reach so many underprivileged sections of the society, from the children's home to their initiatives in rural areas, and make a difference. I find peace in knowing that my contributions, however small, help in their relentless effort to make the world a better place.”
